Camera

1

Find the Camera App

- Find the Camera app. You can look for it on your device's home screen.
- Tap on the **Camera** app to open it

2

Take a picture

- Hold up your device and get ready to take a picture
- The white circle in the middle of your screen is the button to take a photo. Tap the button to take a photo.
- Some devices have cameras on the front and back. To switch between the two cameras, tap the little camera icon at the bottom of your screen .

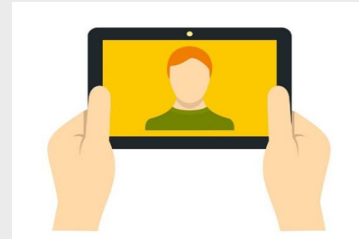

3

Switch to video

- To switch from **camera mode** to **video mode** hold your finger over the word video and drag your finger to the right.
- To record a video, tap the icon that looks like a video camera. Then, tap the red circle again to stop recording and finish the video.
- Record a video with the front camera. In the video, you can say your name and what you just learned.

4

Practice. Take a selfie.

- Go back to camera mode
- Take a selfie (a picture of yourself)
