

Play Store

The Google Play Store is where you can find new apps for your device, such as games or other useful things. Many apps are free.

Play Store

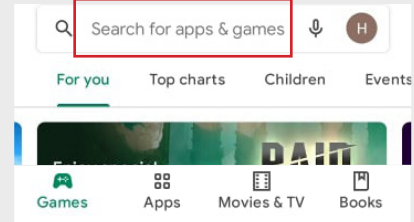

1

Find the Play Store app

- Find the Play Store app. You can look for it on your device's home screen or in the app launcher. The app launcher shows you all the apps you have on your device.
- Tap on the **Play Store** app to open it

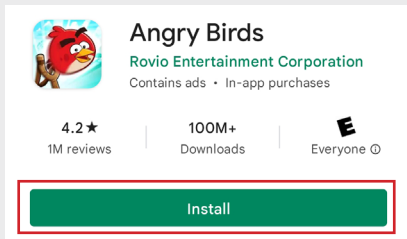

2

Search for apps

- On your screen you'll see movie, games, music, and apps categories
- The Play Store has many free and paid apps. You can add these apps to your device.
- Type **Angry Birds** into the search bar and tap the search button 🔍

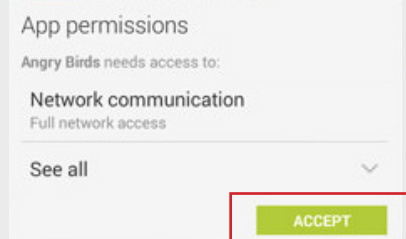

3

Download Angry Birds

- Download the Angry Birds app by tapping **Install**. Angry Birds is a free game.
- On your screen, you can see:
 - How many times people have downloaded the game
 - The game's rating
 - The game's description

4

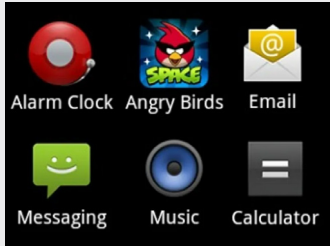

Give Permission

- Before you install the app, you must give permission for the app to use information from your device, like the camera, microphone, or contacts list. Each app will have different permissions.
- Tap **Accept** to give permission. You should only give permission to apps you trust. If you're not sure about an app, don't click **Accept**.
- Once you've given permission, the Angry Birds app will finish installing onto your device
- Tap the **Open** button to open the app

Play Store

5

Find the new app

- When you've downloaded a new app, you can find it on your device's home screen
- Tap the app on your home screen to open it. Try opening Angry Birds from your home screen.
- If you want to delete an app, go to your home screen. Tap and drag the app to the **Uninstall** icon .

6

Play Angry Birds

- Let's practice using an app. Go to your homescreen and tap **Angry Birds**.
- To play the game you'll need to:
 - Drag you finger on the screen
 - Aim
 - Release your finger from the screen
- Finish the next 3 levels
- Have fun!
- If you've never played Angry Birds before, do [this lesson](#) first
